

Analysis of Factors Influencing the Performance of a Hydrokinetic Coil Pump

Riaan Opperman (2013)

<http://nmmugreen.blogspot.com/>

Currently

- ▶ Working at eNtsa as senior project engineer doing supplier development & renewable energy projects.

Twerly Street Light

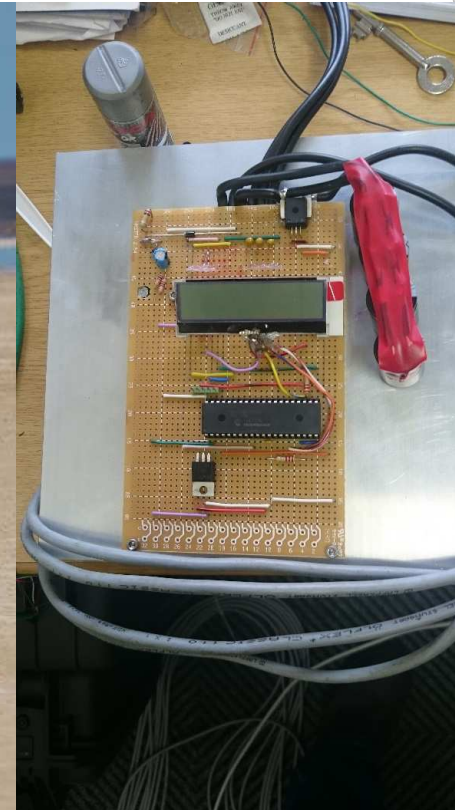

Solar & wind powered off lighting solution with GSM connection for status info

Gonzo (solar cart)

Solar only powered cart for personal transport

Solar pump controller

MPPT 3phase pump controller prototype

Future Plans

- ▶ Develop a coil pump for algae production
- ▶ Small scale hydro storage system
- ▶ Organic Rankine cycle development
